

Vila Maré – Burgau

Vila Maré is a brand new collection of three bedroom villas set close to the beach in the traditional Portuguese fishing village of Burgau. Spacious contemporary living areas include high quality finishing's and come with pre-installation for air conditioning, central heating, central vacuum and sound system. Fully fitted kitchens include granite worktops, kitchen units and top of the range integrated appliances of cooker, hob, extractor and microwave. Barbeque, terrace and garden are set off the kitchen whilst the south side of the property boasts a lovely large balcony, sun terrace and plunge pool.

Burgau has absorbed the advance of tourism but still retains a strong character which remains relatively un-spoilt due to its location in a small cove bound by steep cliffs. The locals still set out to sea in brightly painted boats in pursuit of squid, lobster and sardines as they did a hundred years ago. Nestled on the edge of a national park, the steep streets lead to a horseshoe shaped bay where there is a beach bar, several café's, bars and restaurants. Historic Lagos is just 10 minutes away by car.

Prices from € 450.000
